## CAS

This special cell was set up in 1985 under the Department Research Support (DRS) scheme of UGC. After successful completion of the scheme, the cell was recognized as Department of Special Assistance (DSA/UGC) and upgraded to Center for Advanced Studies. The thrust areas for CAS are Community Education and Development and Social

Entrepreneurship through capacity building.

Faculty Enrichment Programmes in contemporary teaching and research pedagogies are regularly organized. The centre strives to facilitate the training, research and professional growth of the research scholars and faculty. Documenting the best practices and development of technical series on the basis of research outputs are promoted through this centre. It has established an International Academic Exchange Resource Centre (IAERC).

CAS initiatives have enriched and expanded the quality of academic work across specializations. The students receive the benefits of experiences gained through advanced research activities. Post graduate and doctoral students are encouraged to work closely with people at grass roots, interface with industry and the corporate sector to undertake capacity building role for organizations and institutions with whom faculty and researchers network.
